While Taylor struggles for answers, she finds herself in the middle of a century old war centered on one miraculous revelation: evolution.

Bela, son of a Fallen Angel and a mortal woman, has lived for centuries. For one misstep in his youth, he was cursed and powers he had not yet learned to use were ripped away by a Guardian Angel. As a cursed half Demon, he is an outcast living outside of today's society, withdrawn to a safe oasis created for himself and others like him. After centuries, he finds his first human friend, his closed heart gradually opening to accept friendship and love in his life. When an old nemesis in new

he had his own brush with death before being saved by the voice of an angel. In this collection of true stories from the emergency room, Dr. Michael relates his experiences with dying patients and angels that invariably attend this critical rite of passage. Eventually he began communicating with an angel who was sent to aid us in our human evolution. Evolution, as Dr. Michael describes it in *The Evolution Angel*, is a "quantum leap, a jump to a completely new and higher level of being." What exactly is that higher level of being, and how do we achieve it? *The Evolution Angel* provides fascinating lessons, wisdom, and insight into turning our human journey into one where we can

We introduced a teenage boy in the final ORPHAN TRAIN book who has a burning desire to one day become a physician and surgeon. This first book in this trilogy keys in on this young prospective doctor. Seeing history through this young doctor's eyes will deeply touch your heart and make these books impossible to set down.
